# BRIDGES OF LOVE

My Friends,

One thing that struck me throughout our recent Success School was that in every session, in every presentation, in private conversations, and in casual meetings in hallways...*Love Actually*...was all around.

Some of you may have seen the motion picture *Love Actually*. The narrator opened the movie with these words, as the audience saw pictures of people greeting each other at Heathrow Airport...

*"Whenever I get gloomy with the state of the world, I think of the arrivals gate at Heathrow Airport. General opinion is that we live in a world of hatred and greed—but I don't see it that way.*

*Seems to me that love is everywhere. Often it's not particularly dignified or newsworthy, but it's always there. Fathers and sons, husbands and wives, boyfriends, girlfriends...old friends.*

*When the planes hit the Twin Towers, as far as I know none of the messages from people on board were messages of hate or revenge. They were all messages of love.*

*If you look for it, I've got the feeling that LOVE ACTUALLY...is all around."*

Love truly is all around, isn't it? And thank Heaven that it is, for it is without question the most powerful force in the world.

Sometimes we mistakenly save 'love' and discussions of 'love' for family, romance, or friends. However in truth, its great power and influence reaches into the business world, across continents, through language barriers, and into the tiniest homes and the largest palaces. It finds its way through darkness, creates light, erases fear, gives hope, and constantly moves us toward becoming our best selves.

I am convinced that our success as a business depends upon our ability to love each other, and others, as we serve them. I also believe that this world, and the universe in which it dwells, is created to reward those who treat others as they would like to be treated. The Golden Rule, in reality, may be the last and most important rule in conducting business.

*"I am convinced that our success as a business depends upon our ability to love each other, and others, as we serve them. I also believe that this world, and the universe in which it dwells, is created to reward those who treat others as they would like to be treated. The Golden Rule, in reality, may be the last and most important rule in conducting business."*

Over the past decade I have been privileged to witness countless acts of love and appreciation by FreeLife Marketing Executives.

- I see people reach cross-line to give love and support to an 'orphan' who is really in need.
- I see Leaders who spend hours listening to people in their Organization so they can better understand and serve.
- I see people embracing, giving encouragement, and writing notes of appreciation.
- I see Leaders who sacrifice, by teaching for other Organizations, and who even make financial sacrifices for the good of the Company as a whole.
- I see Leaders who refuse to be negative, to gossip or spread ill will. They instead choose to base their lives on love and positive thinking.

It is my conviction that we can build 'bridges of love,' inviting people to cross over and join with us as we make Himalayan Goji Juice available to people throughout the world. We can invite them across chasms of debt, discouragement, hopelessness, and fear.

The next time you're feeling a little gloomy, why don't you give it the 'airport' test as the narrator in *Love Actually* described? Better yet, why don't you join us at a FreeLife event?

If you do, you'll find that love actually...is...all around.

Sincerely,

Raymond J. Faltinsky  
CEO & Co-Founder

Dear Mr. Felizola and Friends of FreeLife:

As the Executive Director and Founder of the Children's Cancer Association (CCA), I wish to extend my heartfelt thanks to FreeLife for support of our programs for seriously ill children and their families. Our Association was started over 9 years ago after the death of our oldest daughter, Alexandra, at the age of 5. From that time CCA has grown from a small family non-profit into a full service organization for children diagnosed with life-threatening conditions, based in Portland, Oregon.

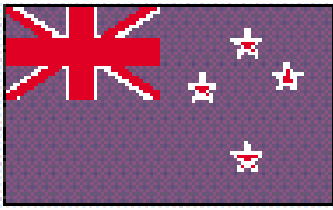

Annually, CCA serves more than 17,000 children, family members and medical professionals who care for them. We are powered by over 600 active volunteers, and our programs have served children from all over the United States and many other countries. The mission of the Children's Cancer Association is simple: our programs bring the joy of music, the warmth of smiles, the power of information and compassion to seriously ill children and their families.

Our Bagpip program, Music for Me, transforms the hospital environment for children - allowing music to aid in the relief of fear, anxiety and pain. The FreeLife Classic Pop! Program brings cooperation, support and fun to children for the duration of their chemotherapy treatment. The DreamCatcher Wish Program focuses on meeting children's needs that are unmet by hospital resources and support organizations. The Kids' Cancer Pages is a national directory listing hundreds of resources relating to all aspects of pediatric cancer, recognized by the National Cancer Institute as "the most comprehensive guide for families currently available." This resource directory can also be found online, [www.ChildrensCancerAssociation.org](http://www.ChildrensCancerAssociation.org). The dedicated Ellis Family Resource Center at Legacy Emanuel Children's Hospital is professionally staffed and includes an interactive library for studying pediatric diseases, live fax, phone and on-line computer service. Both the Kids' Cancer Pages and Resource Center are highly effective at connecting children to other community services. And finally, our Gating Gates, currently under construction, will provide a tranquil setting for our families to escape the painful and confusing confines of the hospital setting.

We are honored to have received the support of FreeLife International. Our missions are matched perfectly. Together, we are making an incredible difference each day!

Sincerely,

Regina Ellis

Children's Cancer Association

# FreeLife's Newest Royal Ambassador and Marketing Executive of the Year

Congratulations to FreeLife's 2004 **Marketing Executive of the Year** and new **Royal Ambassador** Paul Kenny! Since last September, Paul has advanced from Ambassador Ruby to his new elite rank, while increasing his volume more than 10 times! After this remarkable success, Paul is grateful that he took a second look at FreeLife in 1997 when he made the connection between world famous author of the best-selling *Vitamin Bible* and FreeLife. "I got a call inviting me to join FreeLife International," he recalls. "Initially I was not interested, however, I received an information pack the next day and I realized Dr. Mindell was the formulator. That caught my attention. It was then that I knew I had found a world-class nutritional company!"

At the time, Paul was a banker commuting between Massachusetts and his home in Rhode Island every day. The years of business travel, eating junk food and fast food, deadlines, and endless meetings left Paul constantly tired and 50 pounds overweight. "My days began at sunrise and almost every night I returned home after 7:00 p.m.," he noted. "And even though I was very competent at my profession, I had no passion for what I was doing." Paul was also

concerned that his hectic lifestyle in Corporate America would continue to cause his health to deteriorate, eventually jeopardizing his future job security. "When I was introduced to FreeLife, the timing could not have been better! I was ready and open for a change. I wanted to be healthier and I wanted a business that would create long-term financial wealth."

Based on those goals, Paul took his decision to join FreeLife very seriously. "From the day I joined, my business has always represented a million dollar investment to me," he explained. "Imagine if every person in your family gave you their life savings in order for you to start a business. What wouldn't you do to succeed? That is always my mindset when working my FreeLife business."

He began working part-time in the evenings and on weekends with a goal to leave his banking position and build his FreeLife business fulltime at the end of his first year. He knew that by working with his excellent Support Team including Joe Gentle, and Warren and Mary Nelson, and following their advice, he could reach this goal. Still, some family, friends, and co-workers were quite critical of his plans.

---

*"I am convinced that anyone, from any background can make it to the top in FreeLife. The key to success always resides within you."*

**—Paul Kenny**

---

*Paul loves to experience the serenity of the great outdoors in scenic Rhode Island.*

## ROYAL AMBASSADOR

*Paul lives out his life's dream of being "free" in the comforts of home.*

He chose to ignore their negative remarks and focus on his own goals instead. "I refuse to let anyone steal my dreams," he stated. It's a good thing, too, for within a year, Paul's part-time FreeLife business was generating as much income as his corporate job. "And I was free!" he exclaimed. "Walking out of that bank on my last day as an employee was one of the happiest moments in my life!"

But, do you have to be a successful corporate executive to also be successful with FreeLife? "Absolutely not," remarked Paul. "I am convinced that anyone, from any background can make it to the top in FreeLife. The key to success always resides within you." Paul's advice on how to reach the top involves just a few simple rules: You have to make a commitment to excellence. You have to be 'coachable' and follow the advice of your Support Line Leaders. And most importantly, you have to show up! Paul also promised himself that under no circumstances would he surrender and quit.

In addition to these rules, Paul and his team work hard to stay in touch and use an easy system for success. "The success of our team is based on constant communication with everyone," he explained. Paul also ensures that they only use a system that is truly duplicatable and is proven to get results. "We use the FreeLife conference calls, the Website, and the Himalayan Goji Juice tools," he stated. They have also mastered the promotion of events and build for the Success Schools.

What is the final key to his success? Paul shares the Himalayan Goji Juice story and the FreeLife business opportunity with everyone. "The key to a successful FreeLife business is to build a solid foundation," he advised. "You achieve that by personally enrolling new people consistently month after month." Paul knew if he recruited and enrolled enough people he would find Leaders. "I am convinced that

'like always attract like,'" he stated. "If you want to enroll great Leaders in your business, you must be a great Leader." Paul has found those Leaders, including Pam Richard, Joan Criswell, Susan Saraca, Bob Spiro, and Sean McKenna—and he feels blessed to have them on his team.

His team really busted loose in October of 2003 when Himalayan Goji Juice was launched. "Our team was trained, focused, and excited," he recalled. "Everyone rolled up their sleeves and business exploded!" As a result, Leaders attracted more Leaders, such as Bob Steenlage. Next was international expansion and a new opportunity for Paul and his team to fuel the fire with such great Leaders such as Howard Solomon in Canada, and Anthony and Donna Gray in Australia. "Our team not only works their local markets, but we invest time in the emerging international markets as well," he explained. "People everywhere need Himalayan Goji Juice, and our message of financial freedom is universal in appeal."

Now, Paul is enjoying more time with his son, he is physically fit, healthy and active, and he is enjoying financial success beyond his greatest dreams while he looks forward to an amazing future and a business that is built to last a lifetime. "All of our growth and success is only a snowflake on the tip of an iceberg in comparison to the future," he proclaimed. He can see FreeLife measuring Marketing Executives in the hundreds of thousands, and millions of people all over the world will benefit from Himalayan Goji Juice as a result. "This Company holds the promise of a beautiful life for anyone willing to work hard and, above all else, have their heart in FreeLife."

*Paul is enjoying financial success beyond his greatest dreams, and driving in style as well!*

## NEW AMBASSADOR III

Angel Cardona 

You've seen Angel Cardona on stage many times at Success School events, most recently for being one of the Top 25 with the most cumulative points in the 2% Worldwide Himalayan Goji Bonus Pool. That's why it comes as no surprise that this enthusiastic Leader has reached the prestigious rank of **Ambassador III Ruby!**

This loyal Marketing Executive has been with the Company since FreeLife first entered Puerto Rico. Why has he stayed for so long? In addition to his success, Angel is confident in the leadership. "Ray and Kevin are my mentors," he explained. "Ray for his integrity and honesty, and Kevin for his enthusiasm and the wise business advice he gives."

Puerto Rico was the first important step in Angel's mission of helping others succeed, and now he is ready to tell the world about this great opportunity. "By FreeLife introducing Himalayan Goji Juice internationally, I have been able to accomplish one of my dreams," he remarked. "I will now be able to have several businesses in different countries. That's exciting!"

Angel's own success is actually helping other people to realize their potential—even those who had lost faith in Direct Sales due to poor experiences with other companies. "My success with FreeLife has demonstrated to other people that it's possible to reach your goals with the correct vehicle," he explained. "FreeLife is that vehicle."

Now Angel has his sights set on winning the trip to Hawaii and becoming Royal Ambassador by March of 2005. He knows that he can reach his goals because of his faith in the future. "FreeLife is a serious Company," he stated. "Ray and Kevin have a vision for where they want the Company to be in the future, and I am going to be a part of that vision."

Malcolm Wallace 

'People-focused' describes new **Ambassador III Ruby** Malcolm Wallace and his successful approach to business. "I enjoy being in the people business," he remarked. "I find nothing more rewarding than helping other people become successful."

A big part of the success Malcolm is experiencing centers around continuous improvement and constant training. "We train every night on live conference calls. We train every day through email. We plug people in to Dr. Mindell's Tuesday Product Call. We do Saturday morning and Sunday night trainings," Malcolm explained. "We're always in training mode—always striving to help people learn and become better business builders."

Along the way, Malcolm drinks Himalayan Goji Juice to keep up his energy! "It works," he stated. "That's why it's making my business grow. People get emotionally attached to it. Also, they're not afraid to talk about Himalayan Goji Juice. They know in their hearts that it is criminal if they don't share it with friends and loved ones!"

Sharing the opportunity is what keeps Malcolm going. "I understand what we have before us with FreeLife and Himalayan Goji Juice, so I enjoy what I do. It gives me energy and motivation," he explained. He also enjoys seeing moms and dads earning serious upfront income with bonuses while their monthly residual income grows.

Finally, it is Malcolm's laser-like focus on what is important that is the finishing touch on his success. "Whatever I'm doing, I ask myself: 'Is this building my business? Is this helping the person I'm talking to?' If it's not, I stop what I'm doing and do whatever it takes to make that happen."

## AMBASSADOR I

David Bridgman 

You could say that new **Ambassador I** David Bridgman from Australia is flying high since joining FreeLife just three months ago. Not only has his business grown exponentially, he is also realizing lifetime goals. “I have a four-seater Hummingbird Helicopter kit that I’ve been working on for nine years. This is a life goal that has eluded me for so long that I have become used to it retreating as fast as I go for it,” he explained. “Thanks to FreeLife, I have just been able to pay for the first stage of the project. By next year we *will* be doing Himalayan Goji Juice presentations around Australia by helicopter—well, ‘GojiCopter’ actually!”

But that’s not all that this Naturopathic Nutritionist, Kinesology Practitioner, and Bio-resonance Therapist has to smile about. His work with FreeLife has also enabled him to take some time back from his busy clinical practice. “I’m now devoting that time to educating people about Himalayan Goji Juice whilst traveling around Australia,” he commented. “I am now able to help more people than by just seeing them daily in my office.”

It’s a good thing David has wings to fly—he’s sure he’s going to need them soon! “Himalayan Goji Juice going international will be on a magnitude nearing ‘the Great Flood,’” he jested. “Only this time it will be Himalayan Goji Juice rather than water, and people will be lapping it up!”

## NEW AMBASSADORS

Bonifacio & Rosa Eleria 

How have Bonifacio and Rosa Eleria from the Philippines advanced to **Ambassador Ruby** in less than two full months? “The key to our success is hard work, tapping Leaders, building new friendships, and nationwide Distribution Centers.”

“Our schedules have been very hectic,” they continued. They have been traveling across the Philippines conducting meetings, and staying up late strategically planning with their Leaders. Yet, they are enjoying the excitement of this business and Himalayan Goji Juice much more than their ‘traditional’ business in liquefied petroleum gas!

In fact, Himalayan Goji Juice was the reason they chose FreeLife. “The history behind it, plus Dr. Mindell and FreeLife’s well-researched formulation impressed us a lot,” they explained. “Our purpose is to promote good health among Filipinos and help them earn extra income—especially in this time of economic difficulties.”

Glenn Ackerman 

When new **Ambassador** Glenn Ackerman from California found FreeLife, he knew he found a winner—he knew he found a home. “In FreeLife, I found a Company that shares my personal values and has all the professional components I was looking for.”

Glenn’s search has paid off. “In just a short time, my financial success has opened up a new world for me,” he explained. “Travel, increased income...so many more possibilities are available to me now. FreeLife has unlocked the financial limitations I had before.”

The sky is the limit for Glenn as he strives to double qualify for the Hawaii trip and reach Royal Ambassador by the next Convention. He credits the Company leadership for building such a great opportunity. “Ray and Kevin are in total alignment with their mission,” he said. “Their integrity, commitment, and compassion shine through.”

## NEW AMBASSADORS

Diana Chahin

Former schoolteacher Diana Chahin from New York is thrilled with her recent promotion to **Ambassador**. “FreeLife changed my life tremendously,” she commented. “It has brought back the excitement, enthusiasm, and passion.”

One of the biggest changes Diana appreciates is the ability to build her business from home and spend more time with her family. “FreeLife made my life so much easier,” she explained. “I’m able to do things I could not do before—and now I have financial freedom!”

Diana wants to help others lead an abundant life while she strives to achieve the title of Ambassador II by March of 2005. “I feel blessed to be part of FreeLife,” Diana said. “I will be able to build a worldwide team and help people from other countries change their lives.”

Margarita & Brian Riley

Hailing from Colorado, Margarita and Brian Riley have reached **Ambassador** in less than two full months! Now this Spanish teacher and Executive Director of a Land Trust company are working together from home and loving every minute of it. “FreeLife provides us with more financial security after the recent completion of our new home,” they noted. “And now we can start saving for college for our three sons.”

Their success is no surprise. They did their homework on FreeLife and liked what they saw. They are also thrilled with the support they are receiving from their Support Line Leaders—Sandy and Keith Moreland, and Evelyn Monroig and Carlos Smith—and from FreeLife’s Co-Founders. “I really enjoyed meeting Ray and Kevin personally at Success School,” Margarita commented. “They are very motivated and inspirational Leaders, and I sincerely felt their desire to help us build our business.”

Shane Sauter

In just a few short months, Shane Sauter reached the prestigious title of **Ambassador**! Although he hales from the ‘Lucky Country’ of Australia, it was not luck that brought Shane to where he is today. It was hard work and his mission-driven attitude.

As a complementary health practitioner, Shane’s main goal is to help others lead healthier lives. “My financial success has made more choices available to me,” he commented. “But my primary purpose for building a FreeLife business is to reach a far greater number of people with the message of taking personal responsibility for their health on many levels.”

Thanks to his involvement in FreeLife, Shane is reaching that goal more quickly than ever before and leading a more exciting life along the way!

Elisabeth Slykerman

New **Ambassador** Elisabeth Slykerman from ‘Down Under’ is enjoying better health thanks to FreeLife. “Himalayan Goji Juice has benefited me enormously,” she remarked. “It has been easy for me to recommend it to others and people love it!”

Although she was hesitant to get involved after having poor success with other companies, Elisabeth is now a believer. “Joining FreeLife was the best decision I have made in a long time!” she declared. “And I can see a bright future ahead of me.” In addition, Elisabeth and her husband will be able to indulge in their shared hobby of traveling the world.

How can you, too, rapidly advance and succeed like Elisabeth? “Spread the word!” she advised. “Global awareness of this product can only benefit people’s health and wealth no matter where they are. It’s fantastic!”

## Highlights of Ray Faltinsky's

### Success School Address

If you weren't at FreeLife's October 2004 Success School, you missed an important and moving update from CEO Ray Faltinsky—a message of limitless boundaries, unprecedented growth, and a brilliant future. “The FreeLife family crosses international boundaries, cultural boundaries, ethnic boundaries, gender boundaries, and age boundaries,” Ray stated. “All of this leads to one simple conclusion: In FreeLife, there are no boundaries.”

Ray went on to reflect upon the first time we tried Himalayan Goji Juice together, “One year ago, we took our small glass with the dark liquid and participated in our first Himalayan Goji Juice toast. At that time, I'm not sure any of us realized the dramatic and far-reaching impact this product would have on people everywhere.” A year later, we know the results have been stunning.

Always appreciative of the people who are spreading the good news about FreeLife and Himalayan Goji Juice, Ray congratulated the Leaders and thanked each and every person for 12 months of record-breaking growth. He shared these impressive statistics:

- Since January of this year, the number of AC100s have nearly tripled!
- The number of MEs joining FreeLife have more than quadrupled.
- Sales of Himalayan Goji Juice have quintupled—they have grown more than 5 times in just 9 months!
- We had our first ever one-million-dollar day!
- We have had an extremely successful first year of international expansion, bringing Himalayan Goji Juice to our friends in Canada, Mexico, Dominican Republic, Australia, Hong Kong, Singapore, Philippines, and now New Zealand.
- We now have 1 new Ambassador in the Philippines after just their first month in the business, 5 Ambassadors in Canada, and 9 Ambassadors in Australia.

- But most importantly are the record advancements we have had in the last 12 months. We hit record promotions in EVERY SINGLE category, plus we now have 3 new Royal Ambassadors!

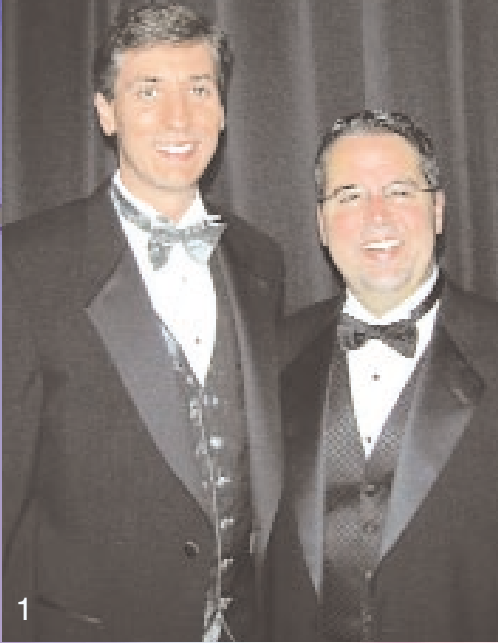

“FreeLife is experiencing the sort of growth that just does not happen at any ordinary company or with just any ordinary product,” Ray reflected in his address. “We are so blessed to have a very special product in Himalayan Goji Juice. It is the most important product we have seen for health and wellness in many, many years. I give thanks every day for what the Himalayan Healers have given us...a delicious tasting, scientifically validated, and historically proven nutritional beverage.”

With Himalayan Goji Juice, we have an enormous responsibility to bring its message to the rest of the world, and Ray feels that our Marketing Executives will help to do just that. He shared his sentiments with the audience, “You have made FreeLife the talk of the nutritional industry, and you are impacting lives for the better all across the world. Thank you for your time, sacrifice, long hours, dedication, and commitment. You are doing a super job and we greatly appreciate all of you.”

In showing FreeLife's appreciation to our hard-working Marketing Executives, Ray announced our most exciting incentive trip ever—FreeLife's Ambassador Retreat in Maui, Hawaii! “This is an opportunity for new and existing FreeLife Leaders who are growing their business to spend time with me, Kevin, Mike Zundel, and Dr. Earl Mindell,” Ray impressed upon the crowd. “We will all learn together, celebrate together, and enjoy the kind of getaway that only Hawaii can provide.”

Even if you were not at Success School to hear about this once-in-lifetime trip first-hand, you can still qualify to attend. Be sure to see the back cover of this issue of *Living the FreeLife* and visit [freelife.com](http://freelife.com) for all the details, and make it your goal to be there!

# ALOHA FREELIFE GOES TO HAWAII!

**F**reeLife is proud to announce our most exciting incentive trip ever - FreeLife's Ambassador Retreat in Maui, Hawaii! FreeLife's CEO Ray Faltinsky and President Kevin Fournier would like you to join them for a 6-day, 5-night trip of a lifetime. This will be a luxurious, first-class trip to one of Maui's top rated hotels (to be announced soon) and is tentatively scheduled for May 2005.

**This is an opportunity for new and existing FreeLife Leaders who are growing their business to spend time with Ray, Kevin, Mike Zundel, and Dr. Earl Mindell, as we all learn together, celebrate together, and enjoy the kind of getaway that only Hawaii can provide. Training, group activities, great food, and lots of free time to spend in a tropical paradise make this an absolute must for you to attend.**

**The trip includes first-class accommodations for 2 people per business as well as most of the meals and activities. (Transportation to and from Hawaii is not included. This trip is not refundable or transferable.)**

**The qualifications are simple and attainable for everyone. Simply advance at least 3 new high titles above Director IV (or above your current high title, whichever is greater) between October 1, 2004 and March 31, 2005. Let's look at some examples:**

### **Example 1**

If your high title before October 1 is Director IV or lower, then you need to achieve the title of at least Ambassador Ruby (3 titles above Director IV) no later than March 31, 2005.

### **Example 2**

If your high title before October 1 is Ambassador Emerald, then you need to achieve the title of at least Ambassador I Ruby (3 titles above Ambassador Emerald) no later than March 31, 2005.

### **Example 3**

If you join FreeLife in November 2004 and achieve the title of at least Ambassador Ruby no later than March 31, 2005, you win the trip!

**Additionally, all Marketing Executives who qualify as a Royal Ambassador for at least 3 of the 6 months of the qualification period will win the trip. Also, because this is an Ambassador Retreat, you must be at least a qualified Ambassador at the end of the contest period.**

**We look forward to seeing you in Maui, Hawaii!**
